## Testimonials

### **About trance consultation**

Sarah's work, both personally and with Master Chou, is of the highest professionalism and integrity. I have gained great insight and strength working with them in workshops, other sessions and during public discussions. She brings forward knowledge with humour and grace. I can't recommend her highly enough.

Master Chou normally sheds light on my concerns and questions like no one does. He always makes me see things in a different way, things that I don't see or that I'm not aware of. Is so refreshing to be able to appreciate these other views when you feel trapped or confused in a certain situation.

I have experienced individual and group sessions with Master Chou. Be prepared to hear the truth and question your belief system. Chou can be uncompromising and challenging but there is gentleness and tolerance to. He underpins his guidance with humour and a sense of fun and brings his messages to the 'here and now' to enrich our physical existence.

As an experienced trance lightworker, Sarah was able to blend with the wise and compassionate spirit being, Master Chou. If you ever have the chance to book a session with Sarah, (and Master Chou) you certainly won't regret it. He may give very practical advice, simple in his delivery, but one becomes astounded by his profound and wise words; leaving a lasting effect, not only from the words he speaks, but the healing that you naturally receive whilst talking with him. A beautiful experience!

I have had two trance mediumship sessions and have already booked for more. I have gained great insight into my issues and been given practical tips on how to overcome them. Having been in both psychotherapy and psychoanalysis, I would rate these trance mediumship sessions as more beneficial than either.

An encounter with Master Chou has always been an incredible experience and my relationship to him feels like it has deepened over the years, much like meeting with an old friend. I feel like he truly knows me and recognises me from my energy print every time we meet either in person or when we talk on the telephone. I have always experienced him as quite distinct from Sarah's energy and find it odd when other friends comment they will 'talk to Sarah'. Sarah is amazing at 'taking herself out of the picture' and I know this is the mark of a really good medium, as it is so difficult to achieve. Master Chou's guidance and observations have been accurate with some sittings being extremely memorable: not only were his comments and predictions accurate, but had a depth and insight that I find difficult to describe. Once, he described an ex, then a new boyfriend, to such depth and the trajectory of our relationship with such accuracy, that in hindsight, months later, I was blown away! I even discussed this with him in a subsequent session, as I was perplexed as to the role of free will in this and he said that our behaviours followed a pattern that was predictable from the point of view of our personalities. I have often sought his higher perspective on the grander questions, as well as on everyday issues and choices and his responses have been truly amazing, presenting perspectives in a way that that never fails to fill me with awe and wonder, but more importantly, they resonate deeply. I truly feel he and Sarah are a gift to all those who seek guidance and a deeper meaning in life.

**About intuitive coaching**

I have really appreciated Sarah's guidance and support during coaching sessions in which we have rebalanced, and in some instances moved back in to place, layers of my aura. In her teaching Sarah has proved an extremely trustworthy mentor whose commitment and integrity is grounded in years of experience and a rich and varied knowledge base.

**About e-book**

I always knew my understanding of both the Aura and Soul was sketchy at best ... but now feel myself to be massively informed by comparison ... my comprehension growing consistently with daily meditation ... and not least washing my aura ... who knew what a massive and very positive difference that would make to my connection with both Spirit and myself
